

2020 KartStars Supplementary Regulations

Bulletin #: 2020-06
Date: August 11, 2020
Subject: Championship Round Qualifying
Effective Date: Immediate Effect

New Regulation:

Qualifying Procedures

For qualifying sessions, drivers will be split into groups of 4-8 at the grid marshal's discretion, drivers will enter the track from the pre-grid only, in reverse order from final practice starting with the slowest driver. Drivers are required to be ready on the grid before their designated groups session.

Late drivers will not be permitted to enter the track and thus unable to set a qualifying time and will start the Pre-Final at the rear.

A driver can only enter the track when designated by the grid marshal. Drivers must remain spaced out and at full racing speed at all times, drivers may not slow to interfere, or work with another driver, penalties will apply for not following this procedure at the Race Director's discretion.

Drivers will make 2 timed laps and then exit the track only through the designated weighing area. Drivers will be shown a Green flag to start their first timed lap, a White flag to start their second timed lap, and a Checkered flag to conclude their session.

Once the track is clear the next group will be released, any recoveries will be made at the conclusion of the qualifying session.

If a driver stops for any reason during a qualifying session the driver will be allowed one attempt to try and start again with or without assistance from race officials. A driver may not receive assistance from anyone other than an official of the event.
