23. Registration Process

- Online registration opens approximately 14 days prior to event date and close the Thursday night prior to the event at 8 pm. After the closing of the online registration, only onsite registration will be possible.
- For onsite registration, a \$25.00 administrative fee will apply per driver. Payment types include cash, credit, debit or cheque.
- Participant Info. – All participants and crew members must read and sign a waiver form. No participant will be allowed to practice on Friday until they have registered for the event.
- At Registration, each participant must submit a fully completed Pre-Technical Inspection Self-Declaration form. Registration will issue the appropriate kart sticker only after the payment of event fees and completion of all required paperwork.
- Drivers found on the track without having completed the approved Pre-Technical Inspection Self-Declaration form are subject to penalty.
- All karts must bear the appropriate kart sticker and kart number before entering the track.
- It is the competitor's responsibility to ensure that their kart meets the technical requirements for their class throughout the entire race event.
- Any kart or driver's racing equipment is subject to Technical Inspection at any time.
- Entry fees are non-refundable. Refunds will be entertained for extenuating circumstances.

24. Paddock Spaces

Contact hosting facility to make arrangements.

25. Restricted Areas

The racetrack infield, the perimeter of the track, the Pit Lane, Pre-Grid, Grid, Scale Area and Technical Inspection areas are restricted areas.

Access to the Grid and Pit Lane is available only to participants when their class is running. One crewmember with a Mechanic's Pass is allowed on the Grid with each entry.

A Hot Pit will not be used during practice, qualification sessions or races.

Holders of Passes including team members and guests are entitled free access to the paddock and spectator areas only.

26. Driver Briefings

Drivers must attend the driver briefing on any day when they are required to be on the racetrack. A presence control or role call may occur. Drivers who are not present during drivers briefing may be penalized with the loss of fastest lap in qualifying.

27. Number of Karts on the Racetrack

A maximum of 34 karts will be allowed to start in a Final at all races. The Race Steward may alter the maximum number at all Rounds.

28. Eligibility to Race in a Pre-Final and Final Race

All entries must participate in qualifying for their class. A driver who has not competed in Qualifying will start all Heats in the rear.

All entries must participate in the Heats. A driver who has not competed in the Heats, will start the Pre-Final at the rear.

All entries must participate in the Pre-Final for their class. A driver who has not competed in the Pre-Final, will start the Final at the rear.

The qualifying positions will set the grid for the Heats.

Points accumulated from Qualifying, Heat 1, Heat 2 and Heat 3 (where applicable) will determine the starting grid for the Pre-Final.

The finishing positions in the Pre-Final will determine the starting grid for the Final.

The finishing positions in the Pre-Final and Final will be used to assign points and for daily awards.

29. Qualifying Procedures

For qualifying sessions, drivers may be split into two groups depending on the size of the group. Drivers are required to be ready on the grid before their designated group session.

Qualifying results may be equalized at the discretion of the Race Director and/or Steward(s) if they are affected by changing weather conditions or force majeure.

Late drivers will not be permitted to enter the track and thus unable to set a qualifying time and will start the Heats at the rear.

A driver can only enter the track when designated by the grid marshal. Sessions will be timed as per the event schedule.

30. Standing Starts

For classes that utilize a standing start, grid positions will be marked on track.

31. Transponders

Each kart must be equipped with a transponder mounting bracket. The transponder must be installed according to AMB / Mylaps instructions.

Event organizers may not have transponders for rent. Transponders may be rented from a third party. It is recommended that competitors purchase their own transponder.

Neither the Organizer nor the Officials are responsible for any transponder failure during the event.

Drivers must register their transponder number, either their own or rented from a third party, on the entry form or at the latest the time of the onsite event registration.

32. Marking of Engine and Tires

Engines and tires will be marked either manually or electronically, before or after qualification sessions. It is the driver's responsibility to be sure that their engine and tires are marked before leaving the area where the engine and/or tires are marked. Race tires must be declared on the self declaration technical inspection form.

33. Procedure at the End of Finals

The top five (5) finishers in each Final race in each class will proceed to the Parc Fermé and remain there until released by Technical Officials.

34. Official Notice Board

The Official Notice Board location will be designated at each event.

35. Podium ceremony

Prizes and trophies winners must be present to the podium ceremony wearing their racing suits, closed and zipped. If a driver cannot attend the podium ceremony for a good reason, he must inform the Steward before the ceremony. Racers who miss the podium presentation without cause MAY forfeit series prizes and awards. Podium presentations will take place at the conclusion of each race day.

36. Organizers Claiming Rule

In order to maintain a level playing field for members and guests, there is a CLAIMING RULE FOR ALL CLASSES.

Competitors making a claim at an event must be entered in the affected class. They may only claim an engine within their entered class with a maximum of two claims throughout the calendar season. A competitor, or representative thereof, cannot claim their own engine. A claimed engine CANNOT be re-claimed by the original owner in the same season.

The competitor making a claim must give written notice to the Event Organizer prior to the display of the chequered flag of the class final race and must include payment in full.

The price, payable to Goodwood Kartways, to claim an engine in a Briggs class is as follows:

- a) \$1,000.00 – replacement cost
- b) \$300.00 – transfer fee
- c) \$200.00 – administrative fee
- d) Total – \$1,500.00 plus HST

The price, payable to Goodwood Kartways, to claim an engine in a Rok VLR class is as follows:

- a) \$3,200.00 – replacement cost
- b) \$500.00 – transfer fee
- c) \$300.00 – administrative fee
- d) Total – \$4,000.00 plus HST

There can only be one claim on an engine at an event. The first fully completed claim is the only claim. The Organizer will hold the claim money until the claimed engine has been inspected for legality. Inspection of claimed engine is according to class regulations and MAY NOT be waived by any party.

The claimed engine will be tagged as soon as it comes across the scales and will be immediately taken to the Organizer for inspection and remain in Organizer's possession throughout the entire process. Both claimer and claimed have the option to be present at the time of inspection. The decision by the Organizer Technical director is final and binding and no further action can be taken by any party.

If the claimed engine is found to be legal:

The claimed engine will be awarded to the claimer.

The claimer will receive any and all items which are found in the originally packaged product.

All external components are subject to inspection but will be returned to the claimed party.

Goodwood Kartways will award the claimed party w/ a NEW engine in a factory sealed box, plus a corresponding transfer fee.

If the claimed engine is found to be illegal:

The Organizer Tech Director must confiscate ALL illegal parts and related parts from the claimed engine.

The Claimer has the option to void the claim if engine is found illegal and claim money less the administrative fee will be returned to the person filing the claim.

Refusal of claim, destroying or withholding of parts, or any other lack of cooperation in this claim or inspection process will be interpreted as an admission that the engine is illegal and may subject the driver to further penalties.

The officials may alter the procedure without prior notice in exceptional circumstances

This Claiming Rule is subject to change at the discretion of the Organizer. Any change in this rule will be posted on-line in accordance with our Rules and Regulations.
